

## Black Master Batch Specification

Color	Grade	Carrier Resin	Carbon Content	Suggested Application/s	Remark
Black	50102	Polyethylene	50%	General purpose application	*
Black	50103	Polyethylene	40%	Good opacity, Injection Moulding and Extrusion	*
Black	50104	Polyethylene	40%	Film, Injection Moulding and compatible with LDPE,HDPE and PP	**
Black	50105	Polyethylene	35%	For irrigation purpose	**
Black	50106	Polyethylene	35%	Moulding and Extrusion-high tint	*
Black/EVA	50107	Polyethylene	30%	Economical Masterbatch for telecom and cable application	**
Black/EVA	50108	Polyethylene	25%	General purpose application	**
Black/EVA	50109	Polyethylene	20%	Film and Moulding application	**
Black/EVA	50110	Polyethylene	20%	Rotomoulding application	**
Black	60101	HIPS	30%	High jetness and Moulding application	*
Black	60102	HIPS	35%	High jetness and Moulding application	*
Black	60103	HIPS	40%	High jetness and Moulding application	*
Black	60104	HIPS	25%	High jetness and Moulding application	**
Black	60105	HIPS	30%	High jetness and Moulding application	**
Black	60106	HIPS	25%	High jetness and Moulding application	**
Black	70101	ABS	25%	High jetness and Moulding application	*
Black	70102	ABS	30%	High jetness and Moulding application	*
Black	70103	ABS	25%	High jetness and Moulding application	**
